Cyble Dock

Enhancing network read percentages.

The Cyble Dock allows the radio to be mounted in a more desirable position to optimise radio performance of meters installed in difficult locations such as deep or flooded pits.

Features and Benefits

Universal Design

Created to attach any kind of current and future Cyble family module including Cyble 5, Cyble Anyquest or Everblue. Can be retrofitted and re-use existing Cyble module.
Supports connection to meters equipped with a wired pulse output.

Robust under severe conditions

Conceived to resist water, contaminants, corrosion, rough handling, and temperature cycling for a preserved reliability over time.

Simple Installation

Same wiring colours for easy connection
Connection secured by Gel connectors.

Technical Details

Functionality	Details
Cyble modules compatibility	All types of Cyble family modules
Pulse Ratio	1:1
Max pulse frequency	17 Hz
Battery / Lifetime	Lithium / 10 Years
Operating Temperature	- 15°C to + 55°C
IP Level	IP68
Additional 2 Stage Protection	Resin flooding, glued casing protection and chemical welding
Dimensions (W x D x L)	113.5 x 63.6 x 41.6 mm
CE	Directive EMC 2014/30/UE
